Paul -

We've been approached by Bob Whitley at the Contra Costa Council's Water Task Force about attending one of their upcoming meetings to discuss Delta issues. Attached below is a link to their web site and a couple papers that'll give you a sense of who they are. If you go to the Water Task Force page, you'll see what topics they've discussed recently.

I committed to attending on October 18. Would either or both of you be able to join me? I will discuss water quality but they'd like to hear about our collective work in the Delta, including the BDCP and levee work/policy.

They meet every third Tuesday in the morning. starting at 8:15, in Pleasant Hill, so if October doesn't work, they will likely invite you another time (but I thought it'd be nice to do together). - Karen

(See attached file: Statement of Prin..doc)  
(See attached file: Delta Levees Policy.doc.pdf)

Thanks for the conversation and ideas this morning. Attached are copies of our guiding principles re: the Delta. Below is the link to the Contra Costa Council website for info about the Council. Please forward to Karen and others. Thanks and look forward to our discussions in September and October.
